DEGREE & DIPLOMA ENGINEERING

FIRST YEAR ENGINEERING (F.E.)

The process of engineering admission for F.E is very time consuming. The filling up of forms is online and due to improper understanding many students doubt whether they will get admission to any engineering college or not. However we have seen that if a student fulfills the minimum eligibility criteria then he / she will definitely get a seat in some college or other. To give you better idea of various engineering courses and also to guide you regarding the entire admission process VINAYAK CLASSES has arranged a free seminar especially for you.

WHY TO JOIN VACATION BATCH AT VINAYAK CLASSES?

A lot of time is wasted during the engineering admission process, but if this time is utilized properly in the vacation, then the student gets well prepared for the engineering career academically before he or she starts attending the engineering college later. This will make student comfortable during the working hours of college. Hence it is advisable to join **VACATION BATCH AT VINAYAK CLASSES**.
